Dear Volunteers and Friends,

First of all we would like to thank you for your willingness to take time out of your life to help those in need. It takes a rare and beautiful person to give freely of their time and energy and not ask "What's in it for me?"

The most needed and least available type of aid at the moment is **medical supplies** for treating the wounded survivors from the earthquake and preventing further illnesses that would normally be caused by the conditions that Haitians are living in.

Attached is a letter that you can **bring to the local pharmacies in your area requesting donations** of needed supplies. Typically what will happen is they will take the attached letter and give you a gift card that you can go and spend in the store. At the bottom of this letter is the items that we would request you pick up.

Each pharmacy will usually donate between \$25 and \$100 in goods. The more pharmacies that you're able to visit the better.

Our goal is to get at least **\$20,000 worth of medical supplies by Wednesday, January 20th.**

Once you've picked up all the supplies you can drop them at the locations listed below.
